

Sea glaze parameter configuration table

motorcycle type	Vibrant version	Free edition	Filli version
It is recommended to sell just right (yuan)	73800	78800	89800
Dimensions parameters			
Length x, width x, height (mm)	3780×1715×1540	3780×1715×1540	3780×1715×1540
Wheelbase (mm)	2500	250	2500
Front / rear of rotation (mm)	1500	1500	1500
Minimum rotation with radius (m)	4.95	4.95	4.95
Tire gauge slot	165/65 R15	175/55 R16	175/55 R16
Whole abundant quality assurance	Non-operating vehicle three electric system lifetime warranty (the first owner), the whole vehicle package repair Ming 6 years into 150,000 public black	Non-operating vehicle three-electric system lifetime warranty (the first owner), the vehicle package repair period of 6 years or 150,000 kilometers	Non-operating vehicle three-electric system lifetime protection (the first owner), the whole vehicle package period of 6 years or 150,000 kilometers
performance parameter			
Cash motor rate	An AC permanent magnet synchronous motor	An AC permanent magnet synchronous motor	AC magnetic carrier synchronous motor
Maximum power of the drive motor (kW)	55	55	55
Maximum torque of the drive motor (N·m)	135	135	135
0-50 km acceleration time (s)	4.9	4.9	4.9
Electric mileage (CLTC condition: km)	305	305	405
Power battery capacity (kWh)	30.08	30.08	38.88
AC charging maximum power (kW) (at room temperature)	6.6	6.6	6.6
DC charging maximum power (kW) (at room temperature)	30	30	40
DC charging time (min) (SOC 30%~80% at room temperature)	30	30	30
Brake and display frame			
Front Brake Broadcast Type	Ventilation disc type	Ventilation disc type	Ventilation disc type
Post-system	disk	disk	disk
Parking brake type	Electronic parking	Electronic parking	Electronic parking

pour●● Represents this configuration."One" means that the "O" table is open without this configuration

1. force to better meet customer demand, byd car not new car research and development and improvement, the market camp models with quantity and specifications may be different from the weight table, specific details with real force, please your content of other samples with your car equipment and teaching to compare and according to the difference of quote according to the requirements of the equipment.

DLINK temporary energy network contact flow will be continuously upgraded, the specific functions may be different from this configuration table, some parts of the third-party APP implementation. For specific details, please refer to the new DLINK series of real car.

1. The number of mobile phone NPC steel should be the NPC function of mobile phone, and the mobile phone manufacturer authorizes Biola to enable the relevant functions of the mobile phone. The specific mobile phone model supporting this function, please check the local right or the actual situation of the mobile phone you use.

5. flight version optional comfort package (adaptive navigation control, automatic braking, lane repair with pre-supervision, traffic knowledge, intelligent speed limit supervision, to the governor, intelligent into the light), suggested to the price to add 3000 yuan.

The whole series of models can enjoy 2 years of cloud service, 1-year vehicle network traffic stock (5GB / month)

7. The kinetic energy of VTOL mobile power station should be used by foreign teachers, and the external electric inspection can be purchased in Biacchi Automobile APP or authorized business.

8. about the line and electric driving: in the actual compliance driving, different environmental temperature, construction exercises and operation, will lead the political endurance to be different.

9. The three power system will protect the final policy of the non-operating vehicle (the first owner), since the date of delivery of the vehicle for every 12 months, and the mileage within the week is not 30,000 kilometers, the specific details of the "three power system lifetime carbon protection certificate" or the relevant determined

10. This counterweight table will be in use since April 2023.
